

Sups Split On Bus Bill

SAN DIEGO (CNA)—County supervisors in a 3-2 vote Tuesday decided to ask Governor Pat Brown to sign A. B. 3402, a bill introduced by Assemblyman James Mills (D-San Diego) to allow the board to operate a transit system in unincorporated territory.

Second District Supervisor Henry A. Boney, noting that the governor has signed the controversial S. B. 1460 sponsored by Mills and Senator Jack Schrade, R-San Diego, said the Mills bill might be needed if the formation of a transit district to acquire the assets of the San Diego Transit System is defeated at the polls.

A. B. 1460 provides that the earliest vote would come in June 1966 and according to gloomy prediction of the bus company, the company will be in serious financial difficulty by then.

Supervisor DeGraff Austin said, "I think that we'll need something to fall back on if the district is defeated at the polls . . . as it certainly will be."

Chairman Frank Gibson, referring of the board's unsuccessful attempt to get the governor to veto the Schrade-Mills bill, said, "I don't think he's waiting to hear from us."

Fifth District Supervisor Robert Cozens joined Gibson to vote against making the recommendation. He said, "If the people vote this down, I would hesitate to immediately jump into the middle of a district."

Sups Approve Sups Raises

SAN DIEGO (CNA) — The County Board of Supervisors has approved the ordinance providing for pay raises for elective county department heads in a two-step method.

The first step will be effective Jan. 1, 1967, after county elections in 1966. Salaries of elected officials cannot be raised during a term of office. The second step would be on Jan. 1, 1969.

Supervisor Robert Dent voted against the ordinance. He said previously that he opposed a two-step method.

The full increases would be: assessor, \$19,845 to present to \$23,000; county clerk, \$16,790 to \$20,000; district attorney, \$22,490 to \$26,000; recorder, \$14,760 to \$17,500; sheriff, \$19,800 to \$23,000; tax collector, \$14,760 to \$17,500; treasurer, \$16,275 to \$19,000.

LEMON GROVE'S HOPE—Seventeen-year-old Barbara Fletcher, "Miss Lemon Grove of 1964", one of 29 pretty candidates for the Miss North Island beauty crown, was competing this week on Thursday to be one of 10 finalists for the title of queen of the North Island Benefit Carnival, July 29-Aug. 1. The annual event is a benefit for the Navy Relief Fund. Barbara is a 1965 graduate of Mount Miguel High School.

Medical Advice Possible With Each Shot of Booze

The corner bartender, who is already the confidant of many drinkers, and who provides a sort of psychiatric service to others, may soon take on the additional duties of family doctor.

This interesting information is lodged in an article in the current issue of SAGA, "the magazine for men."

In an article written by a world-famous psychiatrist, Dr. Morris E. Chafetz, of Harvard University, it is reported that liquor is helpful in treating heart disease, kidney disease, diabetes, and assorted other ills.

Dr. Chafetz states flatly, that liquor does not directly cause any known damage to the human body, and in many cases is helpful, in spite of generally accepted beliefs to the contrary.

Says Chafetz, "Liquor, as a medicine for the treatment of heart disease, has been of value for centuries. Not only is alcohol important in dilating the heart's own blood vessel system at times of painful stress, but the anxiety-provoking terror of the cardiac cripple awaiting the next attack can be lessened by carefully controlled doses of liquor."

In the treatment of kidney disease Dr. Chafetz says: "Alcohol, with its strong affinity for fats, is little attracted to kidney tissue because of the low fat content of this organ. With the patient on a monotonous low protein, high carbohydrate diet, liquor can make the patient's diet more attractive by providing needed carbohydrate nourishment, but without protein, which for him is harmful."

Chafetz counsels diabetics who have been denied liquor by their doctors, "There is really nothing wrong with alcohol used by diabetics when under careful control. This control must provide for the correct elimination of carbohydrates in order to maintain a proper nutritional diet."

"I am not pushing liquor in diabetics," says the doctor in the SAGA article, "but in a condition where the patient is deprived of much which is pleasurable in life, if small doses of liquor can lighten the load and provide a small amount of pleasure for those who prefer to drink, why not?"

"In studies of patients suffering from hepatitis and cirrhosis of the liver, patients drinking relatively large amounts of alcohol in the period of convalescence showed no more evidence of liver damage than those who consumed small amounts, or none at all," he concluded.

Armed with this knowledge, the friendly bartender at the corner saloon can now give you considerable medical advice. We assume this will not add to the cost of the drink of booze because of tradition. No bartender we know charges for his "lonely hearts" or "head-shrinker" services. As a MD (doctor of bar medicine) he should add it to his list of free services just as the filling station operator does when he dusts off the windshield or checks the tire pressure when the client, stops for gas.

Talk on Narcotics Slated Sunday at Gospel Tabernacle

The Rev. Paul Friedmann will bring an interesting and informative message at Spring Valley Gospel Tabernacle, 8318 Jamacha Rd., Sunday, at 6 p.m.

"Recent reports indicate that approximately 20 percent of the national narcotic problem exists in the State of California, and that Southern California is rapidly emerging as the number one narcotic problem area in the nation," he said.

"Government statistics reveal the existence of tens of thousands of heroin addicts in the nation. Although this is the strongest of all known narcotics, there are numerous other substances and derivations which also cause addiction and habituation."

"Fifty percent of the crimes in metropolitan areas of our country are committed by addicts who are desperately trying to support their addiction. This illicit traffic is considered a constant threat to our youth and a growing menace to every community in our nation," he added.

Represents Foundation

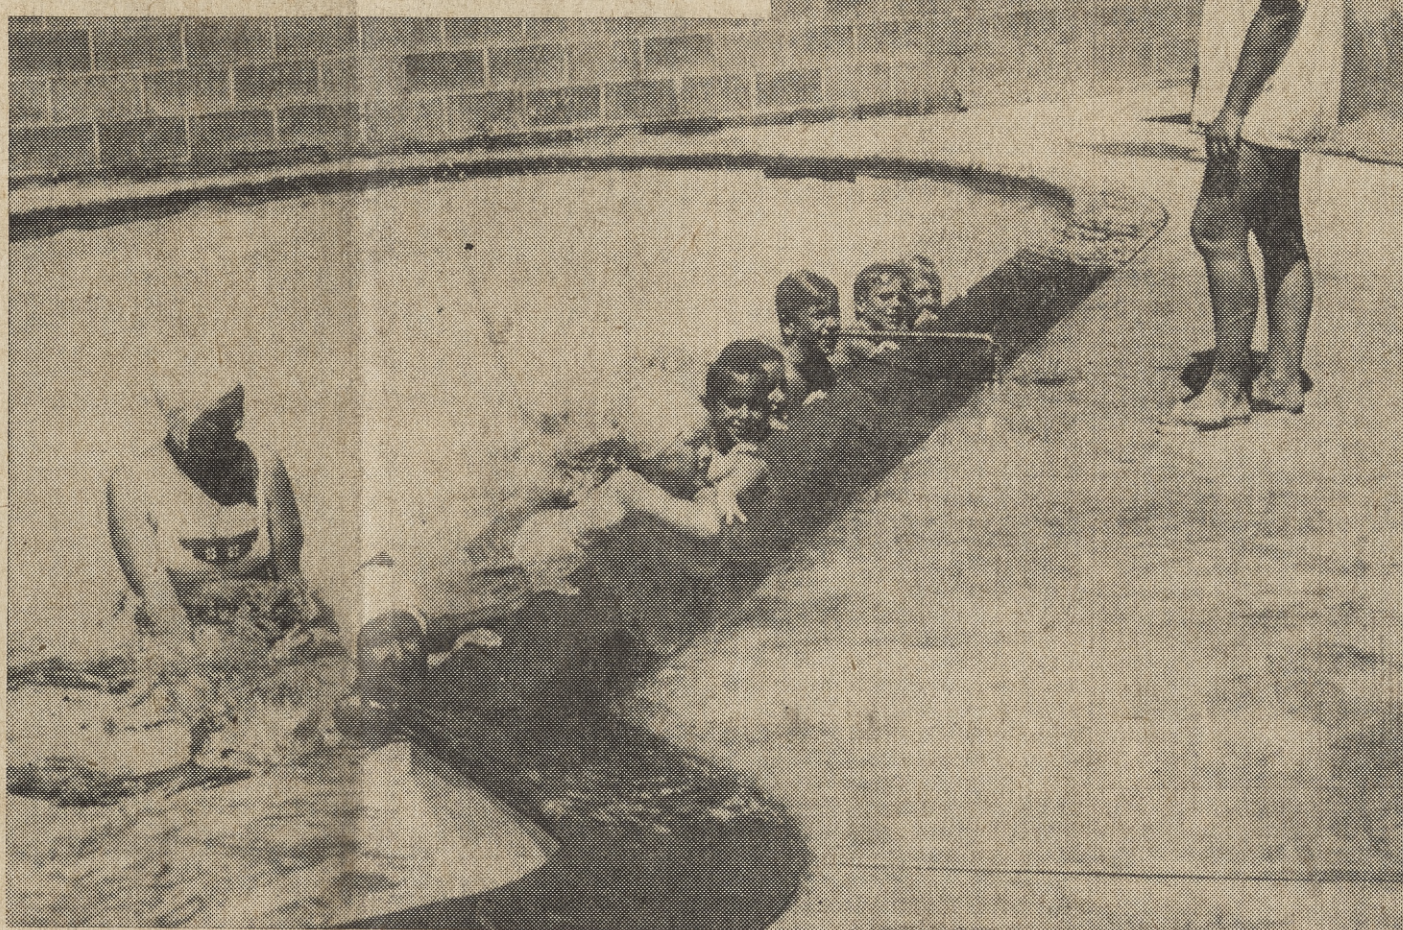

The speaker will be representing the Narcotic Educational Foundation of America, which has been located and active in the Los Angeles area for more than 25 years. Its office is at 5055 Sunset Blvd. in Hollywood. This non-profit organization is engaged in producing sound films and publishing literature, both of which media are widely distributed over the nation.

Speakers are provided for many hundreds of groups a year, including schools, service clubs, church services and organizations, and other community groups.

At the present time it does not appear there is any single or simple solution to this problem. Education and prevention is considered to be the major front and best cure, and will lead to additional controls. Youth must be adequately educated and adults alerted to this growing menace.

The public is cordially invited to attend this presentation.

Seven home swimming pools are in use these days for the Red Cross Backyard Swim Program, a project of the San Altos PTA. The program, which has been a project of the group for a number of years, is under the chairmanship this year of Mrs. David Crawford.

Mrs. Crawford reported this week that 158 children are enrolled in beginners' classes, and 43 in advanced beginners and intermediate classes.

Owners of swimming pools in the area donate their pools for the program, which is under the direction of Red Cross instructors.

The Grove Gun Club will have a picnic at Lakeside Park Sunday, it was announced by Bert Pierce, club president.

The picnic will start mid-morning and close at dark, reported Ralph Gerstner, one of the members.

Bids Are Asked On Highway 94

The California Division of Highways is currently seeking bids for widening 5.7 miles of Highway 94 between Avocado Boulevard in the Spring Valley area of and 0.6 miles east of Jamul, it was announced this week by Jacob Dekema, District Engineer. The work will consist of reinforcing and paving the existing oiled shoulders.

Dekema said the section of Route 94 to be widened will be continuous from Avocado with the exception of approximately 1 mile through the Steele Canyon area. This segment of Route 94 is not slated for improvement at this time. It will be straightened and realigned at a future date, he said.

Bids will be opened Aug. 26 in Los Angeles and, if found to be satisfactory, work could begin within 30 days.

Public Meeting July 30 To Eye Teen Dances

A public meeting to examine the feasibility of sponsoring public teen-age dances in a dance hall already under a teen-age ban by the sheriff's department, will be held Friday, July 30 at 7 p.m. in Lemon Grove.

The meeting, to which all interested residents are invited, will be held at the Boardwalk dance hall, 7825 Broadway, near Imperial, Lemon Grove.

Forest Baxter, local businessman and former Chamber of Commerce president, will preside.

Lee Keller and John Syson, operators of the Boardwalk, which is licensed for adult dances, were refused a teenage license earlier this year. Recently, they asked the sheriff's department to reconsider.

If dances are permitted at the Boardwalk they may be sponsored by the Lemon Grove VFW organization, according to L. G. VFW Commander Dutch Krummel. The VFW would sponsor the dances, without profit, as a community service for youngsters, he said.

Profits accruing from the operation would go to the operators of the Boardwalk, he added.

A feasibility meeting was held at the hall Friday night attended by a dozen persons.

Frank Armstrong, local attorney, and former chairman of the L. G. Youth Center, said that police protection isn't the answer. "If it is provided for Boardwalk" and was not provided for at Payaton, there's discrimination somewhere," he said.

Ed Putter, representing the L. G. Kiwanis club, pointed out that police protection isn't the answer. "If it is provided for Boardwalk" and was not provided for at Payaton, there's discrimination somewhere," he said.

Such dances would be open to

teen-agers from the entire county encouraging over-attendance. When over-attendance occurs, a near riot, similar to the one earlier this year at the Payaton dance hall (Broadway and Olive, Lemon Grove) would result. He said that a form of identification coupled with an invitational arrangement would be needed to keep such dances under control.

ASB Cards

Don Tarr, dean of students at Mt. Miguel High School, discussed the elaborate control plans used at Friday night school dances. "We patrol the parking lot and those who are not going inside the building to dance are kept moving," he said.

"Admission is possible only by ASB (Associated Student Body) card. The cards are taken away if misbehavior occurs and may be regained only from the student's counselor," he said.

"We have 250 to 500 youngsters attending the dances at Mt. Miguel each Friday night," Tarr added. "This would seem to constitute the majority of local teen-age dancers. If the Boardwalk is to attract these dancers it would have to offer something better than the school has. If such a plan can be developed, it should be presented at a public hearing," he added.

Ed Putter, representing the L. G. Kiwanis club, pointed out that police protection isn't the answer. "If it is provided for Boardwalk" and was not provided for at Payaton, there's discrimination somewhere," he said.

The reunion of "The Old Lemon Grove Gang" will be of students who attended the school in 1945 or before. The picnic will be of the "bring-your-own lunch" variety.

For information phone Arlene Sharp Fisher, 466-7317; or Emily Barber Wallingford, 466-5586. The two reported that they had already contacted about 150 former students as well as many of their teachers.

Museum Features Personal Display

The individual displays include such collections as military miniatures, maps, toothpick holders, political campaign items, photographs of early famous actors, railroad artifacts and a variety of other interesting hobbies.

This event will provide an opportunity to trade objects, and to become acquainted with others who have similar interests. The collections will be on exhibit on the patio and arcade of the museum.

Governor Names Harry Griffen to State Commission

Harry Griffen, 57, 8305 Alton Pl., Lemon Grove, a long-time official of the Helix Irrigation District, was appointed last week by Governor Pat Brown to serve as a director of the California District Securities Commission. He succeeds the late M. J. Dowd.

The governor appoints two

HARRY GRIFFEN

members of the five-man commission. The other three who comprise it are the director of finance, the director of water resources, and the attorney general.

The commission meets once a month at various locations within the state, usually at the place where a CDSC matter is being considered.

Griffen, a Republican who serves "at the pleasure of the Governor" said that he is "quite proud of the appointment in that the Governor crossed party lines to make the appointment." Political observers pointed out that the Governor was obviously impressed with Griffen's ability to have appointed a registered Republican. The Governor has a history of making most appointments from the ranks of Democrats.

To Audit Policies

The CDSC is charged with assuring that sound fiscal policies are adopted by districts on a local level. The commission was organized to protect people from unscrupulous directors who might otherwise borrow beyond the district's capacity to pay. It also has the power to veto the formation of districts if such formation is considered economically unsound.

Griffen, in addition to the new assignment, serves as director and chairman of the board of the Helix Irrigation District; as director and treasurer of the San Diego County Water Authority; as director of the Metropolitan Water District of San Diego, and is a member of the executive committee State Irrigation Districts Association. The appointment carries no pay.

Friday Night Dance Slated at Mt. Miguel

The fourth Friday night dance, sponsored by the La Mesa Recreation Department, will be held Friday in the Mt. Miguel High School gymnasium. "The Centurys" offer the "really great" sound from 8 to 11:30 p.m.

Each evening a drawing is held and ten free passes to the next week's dance are awarded. The dances, which cost \$1 per person, will continue throughout the summer. All students in the Grossmont School District are cordially invited to attend.

INVITATION TO THE BALL—Miss Spring Valley receives an invitation to the Firemen's Ball from Fireman Jim Bratt, chairman of the ball committee. Claudia Hoffman will be escorted to the dance by a delegation of

Spring Valley firemen. This 13th annual event will take place July 31 in the La Mesa American Legion Hall. Tickets are now available.

S.V. Firemen Plan Hottest Ball Ever

A bigger hall—a bigger ball! That's the thinking behind this year's Spring Valley Firemen's Ball on July 31.

This 13th annual event will be held in the La Mesa American Legion Hall. It was announced this week by the ball chairman, Fireman Jim Bratt. The hall is larger than those used for previous dances. Tickets are now available for a \$1 per person donation.

Music by the Bud Wayne Band of El Cajon, door prizes, and refreshments are planned by the committee, which includes, in addition to Chairman Bratt, Bob Crowder, band, assisted by Dick Sass and Ray Massey; and publicity, Bratt and Stan Mourning.

Does Free Press Preclude Fair Trial?

Newspaper readers often have questions about newspapers, news coverage, and news policies. Periodically we will provide information to you through this column. This column concerns the "free press and fair trial" issue. You are invited to send in your question about newspapers to the Homeland Publishing Co., PO Box 127, Lemon Grove.

What useful purposes are served by press coverage of crime news?

Coverage of crime news gives the public a continual check on the vigor, effectiveness and honesty of law enforcement. It alerts the citizen to threats of lawlessness and vice. Often it brings forth individuals who have information helpful in solving a crime or in apprehending a suspect. And, finally, day-to-day reporting of crime and court news promotes a public understanding of the judicial process and the laws, making for better citizens.

In what way does full coverage of crime news protect the rights of the individual?

Day-to-day coverage of law enforcement provides a "window" into police quarters. In totalitarian countries authorities commonly arrest persons who are then held without trial for long periods, or disappear entirely. In America, each case from arrest to conclusion is exposed to press coverage. Innocent or guilty, the individual held in custody has constitutional rights—to be represented by counsel; to know the charges against him; to a speedy and impartial trial by jury; to call witnesses in his behalf and to not be forced to testify against himself. Newspapers are quick to report instances where individuals are deprived of rights or are mistreated by police, and often lead campaigns for better jail and prison facilities.

Is the press more inclined these days to "sensationalize" crime news than in years past?

On the contrary, crime news along with all types of reporting is more factual than ever before. The American press is manned by more professionally trained newsmen, who are more conscious of a responsibility to the institution of fair and impartial justice than in any previous generation.

Is the American press taking some responsibility for resolving issues raised by the Warren Commission Report regarding excessive coverage of events destined to go before juries?

Yes, virtually every professional journalism group is currently studying implications of the report. These organizations seek to minimize potential prejudice to the rights of persons accused of crimes, while presenting a maximum amount of information to the public.

Are individuals often deprived of a fair trial due to inflammatory press publicity?

Not according to the cases appealed. For instance, during 1963 and 1964 and estimated 40,000 jury trials for major crimes were conducted in the U. S. Only three convictions were reversed because of prejudicial pretrial publicity.

S.V. Couple Convicted of Prostitution

(Continued from Page 1)

They are among nine persons arrested April 28 by the San Diego Police Department vice squad after grand jury indictments were returned against eight of them.

The 18-year-old girl, Elizabeth Adelyn Honsaney Schleve, testified that she was living in Coronado as the wife of Gary Eugene Lipscomb and working as a prostitute last Thanksgiving Day when Mrs. Vest asked her to come and work with her at a house at 3313 Lincoln Ave., San Diego. Mrs. Schleve said she was born Jan. 6, 1947, and was 17 years old when she went to work with Mrs. Vest as a prostitute.

She said the agreement was that she would give Mrs. Vest half of her earnings and that Mrs. Vest would pay all expenses.

Immediately upon moving into the house, she said, Mrs. Vest made several telephone calls. Later, she said, several men came to the house. Either Mrs. Vest or she had intimate relations with these men, Mrs. Schleve testified. She said the men paid Mrs. Vest, who gave her half the money she had earned.

Mrs. Schleve testified that Vest said he was unemployed and that he asked and received money from Mrs. Vest and sometimes took it from Mrs. Vest's purse.

Mrs. Schleve testified that the Vests then lived at a Campus Street address with their five children. She said she went to the Vest home the first night she was working for Mrs. Vest and that night had intimate relations with Vest.

Mrs. Schleve said she had led Mrs. Vest to believe she was 20 years old. When Mrs. Vest learned she was 17, Mrs. Schleve said, she told her husband she didn't want the girl to work any more.

"He told her to let me stay," Mrs. Schleve testified.

Mrs. Schleve said she moved to Escondido in 1962 and to Coronado Nov. 3, 1964.

DAIRY CATTLE EXPORTED

United States exports of dairy cattle during 1964 were at an all-time high, with a total of 14,800 head shipped to 40 countries, compared with 12,611 in 1963. The 1964 exports had a value of nearly \$5.8 million. Mexico was the leading importer, with heavy increases in Italy and South Korea.

Area Young Women Attend WAC Orientation Program

Three young women of the area are among 120 college women attending a summer orientation program as Cadets at the U. S. Women's Army Corps Center at Fort McClellan, Ala.

They are Linda D. McCalla, 1845 Primera St., Lemon Grove; Sharon M. Kube, 441 Worthington, Spring Valley; and Diane L. DeViney, 5695 Dugan Ave., La Mesa. They are students at San Diego State College.

The four-week college junior program is designed to give the college student a knowledge of career opportunities available to her as an officer in the Women's Army Corps and her first orientation to life in the Army. Women qualify for the program by completing their junior year of college; they are enlisted in the Army Reserve, in the grade of E-4 (Corporal) and are called Cadets.

During the next four weeks the Army will provide pay, food, living accommodations and uniforms for the cadets. The Army also arranges for transportation here and the return to the cadet's homes.

In addition to attending classes in military subjects the women will participate in inspections, parades, company duties and field exercises. They will view a munitions demonstration here at the U. S. Chemical School and Center.

A memorable experience for the Cadets will be a three-day trip to the Infantry Center, Fort Benning, Ga., where they will see the training that rangers, paratroopers, and infantrymen receive.

After graduation of the College Junior Class Aug. 6, the women will return to San Diego State College to complete their senior year. They may choose to apply for a commission as a second lieutenant in the Women's Army Corps, although they are under no obligation to do so.

"The latter two could help warn of problems to be faced," he said. "Is there any reason why we can't have public teen-age dances in Lemon Grove without trouble?" Commander Krummel asked.

"The key to that is control of the youngsters who congregate outside the dances," Armstrong replied.

NEW BUSINESS NEIGHBORS—Joseph ("Deak") DeCrescente (standing), owner and proprietor of Papa Deak's Pizza Parlor at 9776 Campo Rd. in the Casa de Oro district of Spring Valley, pauses here for a photograph with two business neighbors, Mr. and Mrs. (Doug and Kay) Vanice, whose new Vanice Realty Centre is at 9768 Campo Rd. Papa Deak is proving to be as much of an attraction to his customers as his tasty pizzas and other Italian dishes. Grand Opening was held Saturday.

MEET YOUR BUSINESS NEIGHBOR

Papa Deak's Pizza Parlor
Opens in a Flurry of Fun

One of the growing number of new businesses "busting out all over" in Spring Valley is Papa Deak's Pizza Parlor, a haven of savory Italian food, friendly atmosphere, and informal entertainment.

Mr. and Mrs. Joseph ("Deak") DeCrescente are the owners of the cafe, and they held their Grand Opening Saturday. The event proved to be not only an epicurean success but something of a milestone in entertainment, as well, with Papa Deak doubling as chef and entertainer.

Deak and Doris and their six children moved back to this area after a stay in Pittsfield, Mass., where they also operated a pizza restaurant.

In Pittsfield, according to newspaper clippings, Joe achieved more than a little fame as the organizer of a drum and bugle corps movement that threatened to take over the town's children, much like the story of the Pied Piper.

Deak fell in love with the San Diego area when he came and went as a member of the U. S. Navy. He is not only an ex-frogman, but also a former professional football player, drum and bugle corps director, and seventh-generation baker.

Thus, everything is made on the premises, including the dough and the sauces. The restaurant caters to families and children as well as to the legendary appetites of the teenage crowd. You'll like the food — and we'll bet you'll like the free entertainment and singing of irrepressible Papa Deak, too!

'Carnival' Opens Starlight Season

Starlight's first show of the season opened last week in Balboa Park Bowl. A new stage, extending 60 feet closer to the audience and the full width of the stage opening, was christened by a flashy, eye-filling carnival troupe when Starlight opened its 20th summer season with the enchanting musical comedy, "Carnival." Performances will also be given July 22 thru 25.

Original source of "Carnival" was the popular film, "Lili," enchanting story of a waif, orphaned and friendless, who joins a run-down European carnival and is befriended by some amusing puppets. The movie had only one song "Hi, Lili, Hi Lo," but the musical comedy is embellished with many, among them the popular, "Love Makes the World Go Round."

Box office number is 233-6252 and Starlight Office number is 232-7585. Ticket prices are \$4, \$3, \$2, for reserved seats, and \$1 general admission. Children are half-price every performance night, and a 50c discount will be given to members of the armed services, students with school activity cards, and to senior citizens. Group discount rates may also be arranged.

The shuttle bus will leave the downtown plaza at 8 p.m. every performance evening to Balboa Park Bowl.

Bugging Suspects Plead Not Guilty

SAN DIEGO (CNA)—A man and wife from San Ysidro and a Lemon Grove man have pleaded not guilty to a grand jury indictment charging them with felony conspiracy to evadeport. They are Vernon Ford Hyatt, 40, and his wife, Dixie, 25, of San Ysidro, and Edwin Meech, 30, 3434 Grove St., Lemon Grove.

Eavesdropping is a misdemeanor. John O'Loughlin, their attorney, told Superior Court Judge Verne O. Warner that he intended to combat the conspiracy charge to the Supreme Court if necessary. He said that he did not believe that a misdemeanor should be bootstrapped into a felony.

The charge is that the men, private detectives, "bugged" a Chula Vista motel at 394 Broadway. The Hyatts were arrested in an adjoining room.

The three defendants and a Lemon Grove law firm have been named defendants in a \$300,000 civil suit charging invasion of privacy over the bugging situation. The lawyers have not been named in any criminal action.

Trial was set for Oct. 18 by Judge Warner after O'Loughlin asked for a late setting so that he could appeal the charge.

Spring Valley Woman Wins in Story Contest

Winona D. Kemp, 2129 Helix St., Spring Valley, is a winner in the 1965 annual "Writer's Digest" short story contest, it was reported this week by the publication, a national circulation magazine for free-lance writers.

An article about the contest appears in the August issue, which is on newsstands from July 20 through Aug. 20.

Jean Chinsky, the magazine's associate editor and contest judge, observed that entries in the contest were striking in their individuality.

"Each was a unique expression of the author's own individual voice," she said. "They avoided imitation, the adoption of false standards, the coy poses of self-conscious literariness. Sincerity was the key, and it unlocked the door to unexpected regions, both bright and shadowed, of the human heart."

Social Security Question Box

By Guy Deeks

If you have any questions about your social security, send them to the Editor, P. O. Box 127, Lemon Grove, Calif. Your question will be answered by personal letter and your name will not appear in this column.

QUESTION:

We hire a woman to work in our home. We pay her \$6 a day and she works one day a week. She does not want us to report to social security as she says she will receive more on her husband's account and so paying social security tax is just throwing money away. It would be easier for me not to bother with it, but my wife thinks I should find out.

ANSWER:

You must report her wages if you pay her \$50 or more in cash wages in a quarter of a year. At \$6 a week, you are paying her \$78 a quarter, so the wages are taxable. If you fail to do this, you are liable not only for your share of the taxes but for hers as well, in addition to penalty and interest. The Internal Revenue Service has a simplified tax return for use in reporting domestic wages. You may pay her share of the taxes if you wish but the wages must be reported. Make sure you have her correct social security account number. There are advantages to a woman to be insured on her own account even if she is already eligible on her husband's wage record. Suggest that your employee get in touch with the social security office for information about this.
